

EKETAHUNA SCHOOL SURVEY

PRINCIPLES & VALUES

This survey is aimed at identifying what our school community feels are the important principles and values for the school both now and in the future. The staff have been surveyed, and we will also give students the opportunity to identify what they believe to be the top key principles and values for the school.

We want to create a joint understanding that we are all working hard to provide an environment that brings joy, innovation and kids enjoy learning here.

Principles: What should underpin all school decision making?

Select 4 principles from the list provided to represent the values that you believe reflect the school's educational purpose. By selecting 4 it does not mean that you do not see the other principles as important, simply that the five you have chosen represent the five most fundamental principles for you as a parent in our school.

	EXCELLENCE		CULTURAL DIVERSITY
	EQUITY		LIFELONG LEARNING SKILLS
	COHERENCE		COLLABORATIVE
	TREATY OF WAITANGI		INCLUSIVE
	FUTURE FOCUS		COMMUNITY ENGAGEMENT

Values: What kind of person would you like an Eketahuna School student to be?

Select 6 values from the list provided to represent the values that you believe reflect the school's educational purpose. By selecting 6 it does not mean that you do not see the other values as important, simply that the six you have chosen represent the six most fundamental principles for you as a parent in our school.
